## Cheltenham Gold Cup Members Go Nuts!

Little did they expect when they met at Cheltenham's Gold Cup BNI chapter that Rob Thomas, Becky Hoyle, and Rob's breakfast guest Andrew Cope would go on to forge a business relationship that would turn them all nuts.

Rob had a dream about his father dying suddenly, without saying goodbye. Around that time one of his close friends actually *had* died, leaving his friend's widow coping with their financial affairs and desperate to find a personal message or diary amongst his things.

Rob began thinking about somewhere safe online to store official documents and leave a living will to help those left coping after a loved one's illness or accident.

The project started as a website where you could record your last wishes and store financial and legal details; it has grown into [YourNutshell.com](http://YourNutshell.com), a place to store *everything* important, securely, in a virtual filing cabinet.

Now, Your Year (a private diary), Your Life (a memory bank), Your Wishes and Your Money in a Nutshell add up to the four services being offered, fully encrypted and with add-ons, including an interactive budgeting tool, a set-yourself reminders function and the ability to upload pictures, video, sound and documents to illustrate all files, which can be shared individually, by invitation, in total security.

Trusted BNI colleagues tested the site for three months in complete confidentiality. As a thank you, they're offering discounted membership to any BNI member worldwide using the code YOURNUTSHELLBNI when prompted.

Contact [Rob.Thomas@yournutshell.com](mailto:Rob.Thomas@yournutshell.com) for more information.

## BNI Business Networker of the Year 2008

To strengthen the BNI brand and further enhance positive attitudes toward business networking, BNI Sweden recently founded its prestigious award "The Business Networker of the Year." The prize ceremony was held at a Friday night gala in Stockholm on October 17, 2008, in connection with the yearly Members Conference.
